It has been another great year at All Saints, with worship, beauty and deepening spirituality flourishing.

Stewardship, generosity and charity were high priorities with church accounts well in the black, not just a cow being sent but a whole farm, Keech Cottage and Street

Pastors generously supported and the fabulous moving story and rhythms from the Watoto children!.

Great fun and fellowship really began for our teens when the youth club started up under the "cool" duo Kath Oates and Martin Bird. Grownups and young people enjoyed the January Jolly and the coffee mornings finding treasures and delicious things to eat.

Great music and fond farewells marked the Summer 2009 visit to Bristol Cathedral by the choir under the final direction of Chris Benham. Flowers, Flowers and more spectacular Flowers and fabulous music celebrated autumn with its Harvest Flower Festival.

Children were welcomed to receive communion for the first time in All Saints' long history. We hosted a great day for the Diocese on Spirituality and took up the new Bishop of St Alban's challenge to "go deeper" during Lent.

Great links were continually forged with the local community through our excellent networks and opportunities with the civic chaplaincy.

Now in 2010 we look forward to continuing to grow and develop, working to ensure that every member of our church feels that they each have a vital part to play in participating in the work of God's kingdom, serving one another and deepening our understanding of God and his creation. This means that we will look at our part in caring for the planet and our role in looking after our environment.

We are considering ways in which we can attract more families and considering fresh ways, which may well be "outside the box", with fun days for the whole family to participate in.

We will explore the possibility of a parish day out in 2011 to grow closer together as a family but in the meantime we look forward to some fun social events and more opportunities to learn and pray together.
