Evening Services at All Saints

Following our experiment in the Autumn and having taken feedback from the PCC and those attending, we are making some changes to the evening pattern which we believe will better serve everyone. We want to experience a variety of forms of worship, which each has its own way of bringing us closer to God.

Starting in February 2018 we will run with the following pattern of evening services:

- 1st Sunday: Choral Communion
- 2nd Sunday: 'Be Still and Know'
- 3rd Sunday: Choral Evensong, with hymns and prayers
- 4th Sunday: Choral Evensong, with hymns and prayers
- 5th Sunday: Evening worship suitable for the season

'Be Still and Know' on the Second Sunday Evening of each month will be a service of contemplation in the Memorial Chapel, with an emphasis on quietness and gentleness.

We see it as an opportunity to reflect on our Christian journey, and to feel the presence of God in a very simple way.

There will be gentle music, reflections and times of shared silence.

#GodWithUs

With #JoyToTheWorld, last year's national Christmas campaign, winning gold this week at Communicate Magazine's Digital Impact Awards, the Digital Communications team of the Church of England is excited to be updating churches and congregations across the country with this year's #GodWithUs campaign.

As Archbishop Justin Welby says in his introduction to the reflective guide we've produced called **#GodWithUs – Your Christmas Journey**: *"The constant refrain of Christmas, in carols and readings, is that God is with us. In whatever situations you find yourself this Christmas, God is with you – you need only turn to him and ask to know his presence"*

This year's campaign has three key elements:

1. Three videos that tell the story of the joy of going to your local church at Christmas, which will be released throughout December on Facebook, Twitter, Instagram and YouTube.
2. The new A Church Near You – our national church finder – which will point people to a Christmas service or event taking place in one of the 16,500 Church of England churches.
3. *Your Christmas Journey*, a series of short reflections throughout December and into early January 2018, introduced by Archbishop Justin Welby. The reflections have been written by soul[food] for

people who are new to faith and to help us all grow in our love of God. People can receive the messages as texts, emails, on social media and Church House Publishing have produced a booklet.

There will be a targeted social media campaign to drive attendance and engagement with the above.

Last year's campaign helped us reach 1.5 million people. The aim is to repeat that this year, so here are some simple ways you can help out:

1. Share the content we post on Twitter, Instagram and Facebook in the months ahead and throughout December.
2. Sign up using the link below
3. Get your friends and family to join the Your Christmas Journey reflections by texting GodWithUs to 88802

We're hoping to see a record number of people visit a Church of England church this Christmas, and our prayer is that the #GodWithUs campaign will help play its part in achieving this

The sound of music

Got demanding work to do? Put on some classical music. Listening to upbeat classical music may well enhance your brain power, and is better than working in silence.

Such are the findings of a study at Radboud University in Holland. It found that a person's ability to come up with creative answers to complex problems is boosted by upbeat, happy classical music. On the other hand, avoid downbeat or anxious compositions, which will not inspire you to solve anything very much.
