Purpose

As part of the Reaching New People project we are hosting a series of webinars on topics relevant to new forms of church. These will be online presentation-based discussions enabling you to share your own learning whilst also gaining from the experience and expertise of others. Each webinar will cover a specific practical, theological or ecclesiological theme to help you in creating and developing new Christian communities that make disciples of Christ.

Who?

Anyone who is interested can join in. We really want to hear your voice and encourage you to add to a growing body of knowledge on each theme. We are especially looking for practitioners (lay or ordained leaders of parishes and fresh expressions in all contexts and across all traditions) who can approach the discussion with a beginner's mind-set and empathy for the views of others.

Where?

All our webinars will be online and accessed via the Zoom platform. This means you can take part from wherever you are – relax with a cup of tea as you listen, share and gain insight into the missional themes which interest you

Webinar Topics:

- God's family on mission
- Learning to listen
- Conflict
- New Housing
- Children's/Youth
- Messy church
- Sacraments and loads more...

How?
You'll need to register on Eventbrite to take part in a webinar. We'll then send you a link to join the discussion on Zoom. Each ninety minute webinar will have an animator with practical knowledge and experience of the topic presented. We will be recording each session so that we can build a bank of resources for other practitioners to access and learn from.
