## Flowers For Your Wedding

There are always flowers in All Saints' (except Lent and Advent when there is just foliage on the Altar) which may be of any type and colour according to time of year and availability.

If you would like flowers arranged in Church especially for your wedding, All Saints' Flower Club would be very happy to help. They are not qualified florists but we love what we do, and have been told our arrangements have lasted better than professional ones!

A list of prices is shown in this leaflet, and a few examples of arrangements, which may help you to choose what you feel you would like. These charges do include a small amount for Flower Club expenses. We can let external florists by prior arrangement.

Please contact **Dorothy Toyn** to discuss requirements i.e. colours and types of flowers preferred, and where and how many arrangements are needed. If you have the poles down the aisle we can incorporate candles, & ribbons to match your colours if you wish.
