

Prayer Group

Traditionally, members of the Prayer Group met after a service in church once a month. With lockdown, this was impossible, so we became a group which shared prayer requests via a weekly email. The prayers which are offered in church for the sick, those who have died and for the bereaved are included, we pray for our church and community, and we receive other requests for prayers. We rejoice over answered prayers, as we continue to seek God's guidance and healing.
