Report for All Saints Art for 2022

We have had a really successful year with our lives back to normal and an excellent attendance from the group.

We did not start meetings until February mainly due to cold weather. Our special activity of the term was clay modelling animals. Making them one week and painting the next. We did our usual pictures of early spring flowers. We made collages for two weeks. Each year we have had a session of Scraperboard, black and white so positive and negative!

In the summer we painted in several parishioners gardens, we thank them. This is very enjoyable and we are planning to do this again. We also used St Andrews and All Saints churchyards.

Our special of the Autumn term was a visit by Michael Radley of Hertford Art Society who gave us a Watercolour demonstration. We all gained some tips from this! We ended the term each making a diorama. Several of these were interesting Nativity scenes.

We have a membership of 12 people and regularly get 10 to a meeting. We meet on a Thursday evening from 7.30 pm to 9.30 pm in the church meeting room. A programme is produced for each term and emails sent out each week as a reminder. We collect £2 per person each week for expenditure on Art materials and a donation to the PCC for heat and light.

My especial thanks go to Nick Hoyle for helping with the programme and running of the group, and to Sandra Weeden for sorting out our finances.

My thanks go especially to Sandra Weeden for keeping control of the finances and to Nick Hoyle for his support and help with crafts and enthusiasm.

We always welcome new members to our thriving friendly group.

Gillian Harman
